IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Directs that Coffee Takavi Loan and the advance for sprayers and chemicals issued to a coffee planter by the Revenue and Agricultural Departments be consolidated into a single loan for purposes of recovery.

READ—

Para 12 of Government Order No. R. 6430-42—L. R. 97-39-26, dated 8th May 1940, requesting the Revenue Commissioner in Mysore, to submit, in consultation with the Director of Agriculture, a report on the feasibility of consolidating the takavi loan and the advance for sprayers and chemicals issued to a coffee planter by the Revenue and Agricultural Departments, respectively, into a single loan for purposes of recovery.

2. Correspondence ending with letter No. C. 2796—39-40, dated 24th September 1940, from the Revenue Commissioner in Mysore, submitting a report on the above suggestion.

ORDER No. R. 4121-6—L. R. 97-39-30, DATED BANGALORE, THE 11TH DECEMBER 1940.

The Director of Agriculture considers that the proposal to combine the advances made to a planter by the Revenue and Agricultural Departments into a single loan for purposes of recovery is not only feasible but will also minimise a good deal of correspondence now involved between the two departments in the matter of recovery of advances issued by his department. He, accordingly, suggests that the following procedure in the matter of issue of the advances may be adopted :—

"When a takavi loan is sanctioned to a planter, the amount up to which spraying materials may be issued may also be fixed by the Revenue Department

and intimated to the Assistant Director of Agriculture concerned. On production of such authorisation from the officers of the Revenue Department, spraying materials will be issued by the Agricultural Department after obtaining mutchalikas. At the end of each month, a list of the issues made will be sent in duplicate together with the mutchalikas to the Amildar concerned, who may return one list to the Assistant Director of Agriculture duly passed for payment. This voucher may, on presentation at the treasury, be passed through the Register of Transfer Transactions by debit to Takavi Loan and credit to 'Advances for Sprayers and Chemicals'."

2. The Revenue Commissioner agrees with the views of the Director of Agriculture and recommends that the procedure suggested may be adopted. Government accept the above proposals and direct that the Takavi Loan and the Advance for Sprayers and Chemicals issued to a planter by the Revenue and Agricultural Departments, respectively, may be combined into a single loan, the aggregate amount to be advanced being limited to Rs. 45 per acre and they are also pleased to approve of the procedure suggested above for accounting the advances.

GENERAL SECRETARIAT

Extension of Cotton Cultivation in the Irwin Canal area.

READ—

Correspondence ending with letter No. Est. 218-1001—40-41, dated 30th November 1940, from the Director of Agriculture, submitting, for the consideration of Government, certain proposals in connection with the extension of cotton cultivation in the Irwin Canal area.

2. Letter No. 2194—K. S. S., dated 30th November 1940, from the Chief Engineer of Mysore, stating that the cost of the additional establishment amounting to Rs. 2,760 for six months required for the above purpose, may be met by reappropriation from the Krishnarajsagar budget for the current year and from the Agricultural Department budget from next year.

ORDER NO. A. F. 4202-14—AGRI. 118-40-4, DATED BANGALORE, THE 11—12TH DECEMBER 1940.

It is reported by the Director of Agriculture that by the extension of the branches of the Irwin Canal, the undermentioned areas come under irrigation, that as there is no further market for sugarcane and the existing area is far in excess of the requirements of the Sugar Factory, the crops that may be grown with advantage in the new areas referred to below are 'irrigated cotton' and 'cigarette tobacco' and that the special sub-committee for cotton development in the Mandya area were of opinion that 'M. A. II Cotton,' which is the best medium staple cotton and which is better than the imported cotton and 'CO. 4383,' a good long staple cotton, may be produced on a large scale in the Mandya area to meet the requirements of the Spinning Mills at Bangalore. The Director also states that cotton involves the least out-of-pocket expenses to the raiyat, as the cost of seed is only four annas per acre and as no artificial fertilisers are used for cotton which responds only to organic manure like cow-dung, compost or cakes and that the income per acre may be estimated at Rs. 120 to Rs. 150 if the Closepet method of ragi-cotton inter-cultivation is adopted.

1. *Water is immediately available for new wet cultivation in January 1941.*

Lokasara Branch	...	3,660 acres
Shimsha „	...	6,000 „
Total	...	9,660 acres

2. *Water will be available for new wet cultivation in June 1941.*

Nidaghatta Branch	...	6,550 acres
Hebbakawadi Branch	...	10,000 „
Shimsha Branch	...	6,000 „ (extra)
Total	...	22,550 acres

As cotton is a new crop in the Mandya area and close guidance is necessary to the raiyats, the Director makes the following recommendations:—

(1) Dr. B. Dasappa, Assistant Director of Agriculture, Bangalore Circle, to be placed in additional charge of Maddur and Malvalli Taluks, on an allowance of Rs. 50 per mensem in addition to his present salary for development of cotton-ragi inter-cultivation as an irrigated crop in the Maddur and Malvalli Taluks.

(2) An additional staff, as detailed below to be sanctioned.—

		Rs.
1. One Agricultural Inspector at Malvalli	...	100+25 per mensem
One Depot Clerk	...	30 „
One Fieldman	...	30 „
Depot Rent and Contingencies	...	15 „
Travelling Allowance to Establishment	...	30 „
Total	...	230 per mensem or Rs. 1,380 for six months.

2. Similar establishment at Koppa, Maddur Taluk, for the Shimsha Branch, Rs. 230 per mensem or Rs. 1,380 for six months.

(3) A lumpsum allotment of Rs. 2,000 to be sanctioned and placed at his disposal for engaging local fieldmen from important and progressive raiyats on an allowance or honorarium of Rs. 25 per mensem, temporarily, for short periods to popularise cotton cultivation and secure the expected acreage in their respective villages.

(4) A subvention of eight annas per acre to be sanctioned for supply of seed free to the new cotton area and for incidental expenses of storage, etc.

The total expenditure amounting to Rs. 10,060 (as detailed below) involved during six months from 15th December 1940, is proposed to be met by

reappropriation from the Krishnarajsagar budget for 1940-41 and from the Agricultural Department budget from 1941-42.

		Rs.
1.	Allowance to the Assistant Director of Agriculture, Bangalore Circle	300
2.	Additional Staff	2,760
3.	Temporary Local Fieldmen	2,000
4.	Supply of free Cotton Seed	5,000
	Total ...	10,060

The Chief Engineer is reported to be agreeable to the cost of the above scheme being debited to the Krishnarajsagar grants for the current year.

Government are pleased to sanction the recommendations of the Director with the following modifications :—

(1) Maddur and Malvalli Taluks be added to the Bangalore Circle, Dr. B. Dasappa, Assistant Director, being in additional charge of these taluks.

(2) No allowance need be given to the Assistant Director of Agriculture, Bangalore Circle, for the additional work.

(3) The appointment of two Agricultural Inspectors for this scheme in the grade Rs. 40—3—70 is sanctioned. Two senior hands may be posted for cotton work and given an allowance of 20 per cent of their salary. They will draw the usual travelling allowance under the rules.

(4) The pay of the Fieldmen may be fixed at Rs. 25 per mensem each.

The scheme as sanctioned above will be in force for a period of one year in the first instance. The cost will be met by reappropriation from the Krishnarajsagar budget for the current year and from the Agricultural Department budget for 1941-42.

1	Bhute Gowda and others.	6th November 1939.	...	Grounds of convenience. Grounds of Mamool for a cart-tract leading on to Maradi Gudda.	No land out of Honnenhalli village has been taken up for the proposed block. This is an Amrit Mahal Kaval surrendered by the Agricultural Department to the Forest Department after handing over to the Revenue Department 965 acres and 26 guntas of cultivable land to provide for expansion of cultivation. The villagers have got sufficient gomal and kharab lands in their village for grazing their cattle as well as for meeting their agricultural requirements. Hence no land can be excluded from the proposed block, the right of way over the existing pattes may be allowed.	As the kaval was not used by the villagers for their, cattle, etc., before, their objection is not tenable. The cart-tract for the carts to go to Maradi Gudda and their cattle to go to the gomal lands beyond Survey No. 1, the proposed forest block may be reserved for the village community. As there is an excess of gomals, there is no necessity for reservation of the kaval for future Darkhast applications. The boundary is fixed as per existing boundary of Amrit Mahal Kaval. The halla forms a natural and convenient boundary. It causes no inconveniences to the villagers. Hence their objection is not tenable. The cart-tracts and foot-paths as shown in the sketch will be reserved to the use of the village community and the public.	
2	Chikrame Gowda and others.		...	The forst line is very close to their survey numbers, the nalla being the only natural boundary line. They object to close proximity of the line to their survey numbers.	Giddanhalli village is not affected by the reservation of the block. Hence no concession is possible.		
3	Karegowda and others.	7th November 1939.	...	Want lands for cultivation as the land now given is unfit for cultivation. They want permission to take Bandresoppu and dead wood for agricultural purposes.	Sorekunte village is not affected by the reservation of the block. Hence no concession is possible. Further the raiyats were not entitled till now to pasturage in, or to removal of fodder, fuel or thorny shrubs from, the kaval assigned by the Government for the pasturage of Amrit Mahal Cattle owned by Government and of the Gotu Cattle of the servegars and prohibiting strictly goat browsing therein. Their claim is therefore not tenable.	No more lands can be reserved as the land already reserved and phoded are still lying banjar. They may Darkhast these phoded numbers if they want. No patches of grounds can be given in the centre of the kaval although they are fit for cultivation as this would be inconvenient both to the Forest Department and the parties. *Re* Bandresoppu and dead wood, the villagers were not enjoying these rights in the kaval and hence new rights cannot be created. Hence their prayer cannot be granted.

Revised rules for the election of members to the Depressed Class Seats in the Representative Assembly and the Legislative Council.

READ—

Government Order No. 1849-900—C. B. 58-39-1, dated 6th November 1939, passing orders on the recommendations of the Committee appointed to consider the question of Constitutional Reform in Mysore.

2. Paragraphs 4 and 13 of Government Order No. Rl. 1410-84—R. A. 32-39-1, dated 5th April 1940, on the report of the Delimitation Committee directing the reduction of the franchise qualifications for the depressed classes and the introduction of the system of cumulative voting in all multi-member constituencies for the Legislative Council and the Representative Assembly.

3. Notification No. 5030—C. B. 147-39-3, dated 6th May 1940, issuing the Legislative Council Rules framed under the Government of Mysore Act, 1940.

4. Notification No. 5031—C. B. 147-39-4, dated 5th May 1940, issuing the Representative Assembly Rules framed under the Government of Mysore Act.

5. The resolutions passed at a joint meeting of the Adikarnataka and Adi-Jambava Associations held on 15th September 1940, praying that the qualifications prescribed for candidature to the Legislative Council may be reduced in the case of the depressed classes to Rs. 4 under village panchayet and municipal taxes and Rs. 20 under land revenue.

6. Representation dated 15th October 1940, from Mr. R. Chennigaramiah, praying that the tax-paying qualifications for candidature may be reduced in the case of the depressed classes as suggested in the resolutions read above, that, in place of the cumulative system of voting, the method of election recommended by the Reforms Committee may be adopted for the depressed class seats in the Representative Assembly and the Legislative Council, and that a depressed class elector may be allowed to stand as a candidate for any depressed class seat in the Legislative Council.

ORDER NO. RL. 1673-83—R. A. 42-40-1, DATED BANGALORE, THE 16TH DECEMBER 1940.

Under the Legislative Council Rules, the tax-paying qualifications for candidature have been fixed twice as high as those prescribed for the vote, namely, assessment to Rs. 10 under village panchayet and municipal taxes and Rs. 50 under land revenue. Having regard to the general economic level of the depressed classes, Government consider that these qualifications are very high, and that a community, whose backwardness and want of education necessitated a reduction in the franchise qualifications, may not be able to offer candidates in sufficient numbers possessing such high qualifications for filling the four seats reserved for the depressed classes in the Legislative Council. They consider that a reduction of the qualifications is necessary in the circumstances and have been pleased to direct that Rule 22 (A) may be added to the Legislative Council Rules fixing the qualifications at one-half the rates fixed for candidates not belonging to the depressed classes, namely, Rs. 5 under village panchayet and municipal taxes and Rs. 25 under land revenue.

2. It is also considered desirable to change the method of election to the seats reserved for the depressed classes in the Representative Assembly and the Legislative Council. Rules 116 and 96 of the Representative Assembly Rules and the Legislative Council Rules, respectively, provide for the cumulative system of voting in all multi-member constituencies. It has been urged that even this system would not secure the election to the depressed class seats of persons representing the interests of the depressed classes or reflecting the opinion of that community, and that it is possible under the cumulative system of voting for a candidate to be returned mainly by the strength of the caste Hindu community. Government consider this to be a legitimate grievance and are accordingly pleased to direct the adoption for the depressed class seats of the method of election recommended by the Reforms Committee in paragraph 168 of their report, which ensures that due weight is given to the depressed class vote when it reaches a prescribed percentage.

Government are further pleased to direct that the restriction that a person should stand as a candidate for the Legislative Council only in a constituency in which he is registered as an elector may be removed in the case of the depressed classes.

5. *Detailed Contingent Bill.*—The total demand under assessed taxes including arrears was Rs. 19,682. Out of this, a sum of Rs. 15,906 was collected during the year, leaving a balance of Rs. 3,776 to be collected at the end of the year. The percentage of collection to the total demand was 80·9 as against 63·7 in the previous year. Energetic steps should continue to be taken to collect the outstanding arrears. Including the arrears of previous year, the total demand under assessed taxes in respect of the villages under the administration of the Board was Rs. 24,495. Out of this, a sum of Rs. 16,107 was collected, leaving a balance of Rs. 8,388 at the end of the year. Although the percentage of collection is 66·6 as against 51·3 in the previous year, the arrears still continue to be heavy. There is scope for closer supervision over the work of the Revenue Inspector appointed in this behalf so that better results may be achieved.

6. *Public Works.*—The total cost incurred under "Public Works executed by the Civil Department" was Rs. 39,321 as against Rs. 43,870 in the previous year.

7. *Public Health.*—Public health was generally good. The number of births and deaths registered during the year per mille of population was 63·42 and 32·19 as compared with 54·95 and 35·19, respectively, in the previous year. The deaths from plague and small-pox were three and four, respectively. The number of vaccinations performed was 8,926 as against 21,085 in the previous year. A sum of Rs. 1,818 was spent for the maintenance of the Child Welfare Centre at Robertsonpet.

8. *General.*—A contribution of Rs. 1,000 was made by the Board towards the Mysore War Fund. A sum of Rs. 1,280 was spent by the Board towards the cost of sinking some drinking water wells in the rural areas under the Board. Extensions to the Kolar Gold Field High School were completed and further improvements to the Robertsonpet Market were taken up. Housing facilities to the sweepers were undertaken at a total cost of Rs. 4,611. Besides, a comprehensive underground drainage scheme for Robertsonpet is also under preparation.

It is gratifying to note that on the whole, the administration of the Board was satisfactory.

Revision of the rules regarding the levy of Conversion Fine and Special Assessment on Agricultural Lands used for non-Agricultural purposes.

READ—

Government Order No. R. 4794-803—L. R. 91-29-8, dated 12th April 1932, amending Rule 29 of the Land Revenue Rules prescribing the rates of special assessment leviable in respect of agricultural lands appropriated for industrial or manufacturing purposes.

2. Government Order No. R. 1278-87—L. R. 33-36-2, dated 28th September 1936, passing orders directing the levy of special assessment on lands appropriated for building purposes.

3. Government Order No. R. 614-24—L. R. 32-36-4, dated 6th August 1937, directing the amendment of Rule 59 of the rules under the Land Revenue Code and the schedules attached thereto so as to revise the rates of special fine payable on agricultural lands appropriated for non-agricultural purposes.

4. Correspondence ending with letter No. C. 3253—39-40, dated 10th June 1940, from the Revenue Commissioner in Mysore submitting, with reference to a representation made in the Representative Assembly a report in the matter of revision of the rules relating to the levy of conversion fine and special assessment on agricultural lands appropriated for non-agricultural purposes.

ORDER NO. R. 4264-84—L. R. 334-39-5, DATED BANGALORE, THE 18TH DECEMBER 1940.

At the Dasara Session of the Representative Assembly in October 1939, a representation was made that the revised rates of conversion fine prescribed in the Government Order of the 6th August 1937 were very heavy and the levy of conversion fine in addition to special assessment on lands converted to non-agricultural purposes was working as a hardship inasmuch as it amounted to a double levy. On this, the Government promised to re-examine the whole question, to make necessary enquiries about the land values and find out if the prevailing rates of conversion fine were too high. The question was, accordingly, referred to the Revenue Commissioner for furnishing his opinion in consultation with the Deputy Commissioners of Districts, the President of the Municipal Council, Mysore, and the Municipal Commissioner, Bangalore City Municipality, and he has now submitted his report.

2. Most of the Deputy Commissioners consider that the existing rates of conversion fine do not call for any revision in view of the rise in land values, and that the levy of special assessment may be restricted to lands used for industrial purposes and that, in the case of lands used for building purposes, commuted assessment equal to 25 years' agricultural assessment may be levied.

The President of the City Municipal Council, Mysore and the Commissioner of the Bangalore City Municipality have suggested that conversion fine may be waived altogether or at least reduced to the original level and that commuted assessment equal to 25 years' agricultural assessment may be levied in lieu of special assessment and that, out of the special fine to be realised by Government, a moiety may be given to the concerned municipalities. The Revenue Commissioner, agreeing generally with the Deputy Commissioners, recommends that the rates of conversion fine in force prior to 1937 may be restored and that the special assessment may be continued to be levied on agricultural lands appropriated for non-agricultural purposes other than building purposes and that, in the case of agricultural lands used for building purposes, 25 or 30 years' assessment may be collected in lieu of the special assessment.

3. Under Section 48 of the Land Revenue Code, assessment fixed under the provisions of the Code upon any land appropriated for any one purpose is liable to be altered and fixed at a different rate when such land is appropriated for any other purpose and consequently lands assessed to agricultural assessment are subjected to a special assessment on conversion to building purposes. As houses and vacant sites in towns and rural areas are taxed by the respective municipalities and village panchayets, there appears to be a misapprehension that the imposition of special assessment by Government on the same house sites amounts to a double exaction by different public authorities. Government consider it expedient to remove, as far as possible, the cause for this misapprehension although it is ill-founded. Moreover, the levy and collection of special assessment on small house sites which are constantly undergoing change of ownership would be very difficult. Government, therefore, direct that the levy of special assessment may, in future, be waived in respect of agricultural lands used for the construction of residential buildings and that its levy be confined as a rule, to cases of lands converted to industrial uses.

4. As regards conversion fine, Government consider that its levy must, under the present circumstances, remain the chief means of obtaining, for the State, a fair share of the increased value accruing on agricultural land within and in the vicinity of large towns and industrial centres, as well as of compensating the State for loss of land revenue when land is converted into non-agricultural purposes. Government are not, therefore, in favour of abolishing this levy. So far as the rural areas are concerned, the rate of conversion fine now in force, *viz.*, 25 times the land revenue assessment is quite moderate and will be continued. But as regards the special areas and towns mentioned in Rule 59 of the Land Revenue Rules, it is necessary to have a systematic enquiry made with a view to finding out the market value of building land in the several towns. On the basis of such enquiry, which will have to be periodically repeated once in five years, it is proposed to fix standard rates of conversion fine for each locality so as to secure for the State a fair and definite proportion of the increment in value arising from the conversion of agricultural land to building or other special purposes. Separate orders will issue in this matter on receipt of a detailed report from the Revenue Commissioner on the above lines.

B. T. KESAVIENGAR,
Chief Secretary to Government.

DEFENCE DEPARTMENT.

NOTICE.

New Delhi, the 25th November 1939.

No. 1571.—A competitive examination for entry to (1) the 'Technical Arms' wing, and (2) the 'Cavalry and Infantry' wing of the Indian Military Academy, Dehra Dun, in the term beginning on or about 20th August 1940, and (3) the Royal Indian Navy will be held in Delhi on Wednesday the 27th March 1940 and subsequent days. The examination will be conducted by the Federal Public Service Commission.

2. The examination will be a combined one for the purpose of filling vacancies in (1) the 'Technical Arms' wing, and (2) the 'Cavalry and Infantry' wing of the Indian Military Academy, and (3) the Royal Indian Navy. A candidate may apply to be admitted to the examination for all or any of the above. If he wishes to be admitted as a candidate for more than one, he should state this on his application form. Separate applications are not required. He will be required to pay the application and in the case of the Royal Indian Navy, examination fees once only. If he proves successful as a candidate for more than one, he will ordinarily be assigned to the one for which he expressed a preference in his application; but the Government of India reserve power to assign him to any one.

3. At this examination 15 vacancies will be offered for entry to the Indian Military Academy. Of these it is anticipated that from 6 to 8 vacancies will be offered for entry into the 'Technical Arms' wing and the rest for the 'Cavalry and Infantry' wing. The Governor-General in Council, however, reserves to himself the right to fill three vacancies (to be varied between the two wings on the recommendation of the Commander-in-Chief after each examination) by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the other twelve vacancies. Two vacancies will be offered for admission to the Executive Branch of the Royal Indian Navy.

4. The examination for each wing of the Indian Military Academy will be separate and if an insufficient number of candidates qualify for the 'Technical Arms' wing the vacancies for the 'Cavalry and Infantry' wing will not be proportionately increased. If there is a shortage of successful candidates for the 'Technical Arms' wing in April, 1940, there will be a corresponding increase in the number of vacancies which would normally be offered in November, 1940.

5. During the course at the Indian Military Academy transfers from the 'Technical Arms' wing to the 'Cavalry and Infantry' wing will only be permitted if vacancies exist in the latter. Cadets of the Technical wing will be posted to the arm of their choice according to their place on the final passing out list, but if their position on the list is not high enough to secure them a commission in the arm they prefer they will be offered one in either of the other two technical arms.

6. As a war-time measure, it has been decided that cadets, who enter either wing of the Indian Military Academy by reason of their success at this or at subsequent examinations during the war will, on satisfactory completion of the course, be granted emergency commissions in His Majesty's Indian Land Forces. As no definite guarantee can be given to parents or guardians that these emergency commissions will be confirmed as permanent commissions after the war, the Government of India have decided that:—

(i) no fees either for the examination or for the course at the Indian Military Academy shall be payable;

(ii) cadets will be treated in the same way as 'Army' cadets for the purposes of pay, travelling and medical arrangements, provision of free clothing, uniform, equipment, etc.

7. Candidates for admission to the Indian Military Academy must have been born not earlier than the 2nd May 1920 and not later than the 1st May 1922. Candidates for the Royal Indian Navy Examination must have been born not earlier than the 2nd October 1920 and not later than the 1st October 1922. These age limits can in no case be relaxed.

8. A candidate who desires to appear at the examination is required to submit to the Federal Public Service Commission his application in the prescribed form with the necessary documents in accordance with the instructions given in the Instructions to Candidates

regarding the filling up and submission of applications. Applications must reach the Collector or Deputy Commissioner or the Political Officer or Resident or the Principal, Prince of Wales's Royal Indian Military College, Dehra Dun, on or before the 6th January 1940. Copies of the Rules and the Application Form, etc., may be obtained from the Provincial Government, Administration or Durbar concerned. (In the case of the Punjab, copies of rules, etc., are obtainable from the Secretary, the Punjab and N.W. F. P. Joint Public Service Commission, Lahore.)

THE FACT THAT AN APPLICATION FORM HAS BEEN SUPPLIED, ON WHATEVER DATE, WILL NOT BE ACCEPTED AS AN EXCUSE FOR THE LATE SUBMISSION OF AN APPLICATION. CANDIDATES WHO DELAY THEIR REQUESTS FOR FORMS UNTIL A LATE DATE WILL DO SO AT THEIR OWN RISK.

Note 1.—If any candidate has appeared at the examination held in October 1939, for entry to the Indian Military Academy, the Indian Air Force, through the Royal Air Force College, Cranwell, and/or the Royal Indian Navy, and, not being successful thereat, wishes to appear at the examination to be held in March/April 1940, he must submit his application by the prescribed date without waiting for the results of the former examination. Should he have been successful, his candidature for the March/April examination will be cancelled.

Note 2.—The approximate cost of training for the Royal Indian Navy is £260.

C. MacI. G. Ogilvie,
Secy. to the Govt. of India.

Royal Warrant of 10th April 1900, instituting the Kaisar-i-Hind Medal, as amended by Royal Warrants of 8th July 1901, 9th July 1912, 2nd November 1933, 24th June 1938, and 21st December 1939.

Whereas We, taking into Our Royal consideration that there do not exist adequate means whereby We can reward important and useful services rendered to Us in Our Indian Empire in the advancement of the public interests of Our said Empire, and taking also into consideration the expediency of distinguishing such services by some mark of Our Royal favour : Now for the purpose of attaining an end so desirable as that of thus distinguishing such services as aforesaid, We have instituted and created, and by these presents for Us, Our Heirs and Successors, do institute and create a new Decoration—to be designated as hereinafter described,—and We are graciously pleased to make, ordain and establish the following Rules and Ordinances for the government of the same which shall from henceforth be inviolably observed and kept.

Firstly—It is ordained that this Decoration shall henceforth be styled and designated "The Kaisar-i-Hind Medal for Public Service in India."

Secondly—It is ordained that any person without distinction of race, occupation, position or sex, shall be eligible for this Decoration who shall have distinguished himself (or herself) by important and useful service in the advancement of the public interest in India.

Thirdly—It is ordained that there shall be three grades of the Decoration to be styled respectively "The Kaisar-i-Hind Gold Medal for Public Service in India," "The Kaisar-i-Hind Silver Medal for Public Service in India" and "The Kaisar-i-Hind Bronze Medal for Public Service in India."

Fourthly—It is ordained that awards of the Gold Medal shall be made by Us, Our Heirs and Successors, and such awards shall only be made on a recommendation to Us by Our Secretary of State for India.

Fifthly—It is ordained that awards of the Silver and Bronze Medals shall be made by our Viceroy for the time being.

Sixthly—It is ordained that the Medal shall consist of an oval-shaped Badge or Decoration—in Gold, in Silver or in Bronze—with the Royal Cypher of ourselves, our Heirs, and Successors in the centre on one side and on the reverse the words "Kaisar-i-Hind, for Public Service in India," and that it shall be suspended on the left breast by a dark blue ribbon.

Seventhly—It is ordained that the names of those persons to whom one of these medals may be awarded shall be published in the "Gazette of India," and that a register of such names shall be kept by such person as our Viceroy may direct.

Eighthly—It is ordained that if any one, after having received one of the medals, again renders such service as, if he had not received such medal, would have entitled him to it, such further service shall be recorded by a bar attached to the ribbon by which the Medal is suspended; and for every such additional service an additional bar may be added.

Ninthly—In order to make such additional provisions as shall effectually preserve pure this Honorable Decoration, it is ordained that if any person on whom the Gold Medal is conferred be guilty of any crime or disgraceful conduct which in our judgment disqualifies him for the same, his name, shall, by an especial Warrant under Our Sign Manual, to be countersigned by one of Our Principal Secretaries of State, be forthwith erased from the list of those upon whom the said Decoration shall have been conferred, and his Medal forfeited and returned to Us, our Heirs and Successors; and in the case of those who have been awarded Silver and Bronze Medals, such erasure of their names from the lists of those upon whom the said Decoration shall have been conferred and forfeiture of their Medals shall be effected under the order of Our Viceroy for the time being, to whom their Medals shall be returned. And every person to whom the said Medal is given shall, before receiving the same, enter into an engagement to return the same if his name shall be erased as aforesaid:

Provided that We, Our Heirs and Successors, shall at all times have power to restore the Gold Medal to any person who may have been deprived of it when circumstances render such restoration just and expedient, and that in like circumstances Our Viceroy for the time being shall have power by his Order to restore the Silver or Bronze Medal to any person who may have been deprived of it.

Lastly, We reserve to Ourselves, Our Heirs and Successors, full power of annulling altering, abrogating, augmenting, interpreting or dispensing with these regulations or any part thereof by a Notification under Our Royal Sign Manual.
